

My time in Centre Stage has been nothing short of amazing and I cannot begin to thank you enough for this opportunity. This experience has taught me so many things and I will take with me memories that I shall cherish for the rest of my life. Thinking about it now, auditioning for this company is the best thing I have ever done without a doubt, and from this I have made life- long friends.

The trips to London have been amazing, and thoroughly enjoyable. I am very grateful to you for organising them. It is not every weekend that you leave Exmouth at six in the morning to get on a coach with your best friends to heads up to London, playing coach bingo along the way (How Harry wins every time is beyond me!)

Show week is one of the best parts of being in Centre Stage- along with rehearsals- and one of the things that I will miss the most.

There is nothing I love more than performing with my Centre Stage “Family” all week long.

This is the time when all of our hard work is shown off and where most of the memories are made. Although some rehearsals have been long and tough, they have all been amazing.

One of all highlights must be the 40th anniversary concerts. Performing with past members of this incredible company was just one of the best things.

I will miss the people of Centre Stage the most. Mark, Sue and all the production teams and crews, Executive Committees are among the most incredible people I have ever met and I think that their dedication and enthusiasm is truly admirable.

Thank you to everyone who has made the past few years of my life the best and I will miss you all so much.

I will be back to watch future shows and pop in to rehearsals- you cant get rid of me that easily.

I am looking forward to the 50th Anniversary Concert.

Sophie Borrie.
